The **Bariatric Extra-Tall Blood Drawing Chair** sets a new standard in patient care, offering unmatched strength and comfort for individuals weighing up to 750 lbs—an exceptional capacity few chairs can match. To accommodate such a robust weight limit, the chair is meticulously constructed with all-welded, tubular steel, ensuring durability and longevity. Its powder-coated finish bolsters resilience against erosion and wear.

For optimal patient comfort, the chair features a 2-inch thick foam cushion, enveloped in easy-to-clean PVC upholstery that enhances comfort while maintaining a sterile environment. The extra-tall 24-inch seat height facilitates smooth, effortless movement for bariatric patients, preventing the sensation of being cramped. Additionally, the swivel arms can be raised for unobstructed entry and locked back into place during use. Thoughtfully designed to address the needs of both patients and healthcare providers, the Bariatric Extra-Tall Blood Drawing Chair offers an ideal blend of strength, comfort, and low-maintenance care, providing a superior solution for bariatric care.

## FEATURES

**Unmatched:** The chair provides exceptional strength and comfort for individuals weighing up to 750 lbs., a capacity few chairs can match.

**Durable:** It is constructed with all-welded, tubular steel to ensure maximum durability and longevity.

**Spacious:** The chair's overall dimensions offer ample space to comfortably accommodate patients of various sizes.

**Resilient:** Its powder-coated finish enhances resistance against erosion and wear, ensuring a long-lasting, reliable product.

**Professional:** The chair comes in two sophisticated upholstery color options—Black and Midnight Express—adding a polished, professional look to any clinical setting.

**Comfortable:** A 2-inch-thick foam cushion wrapped in easy-to-clean PVC upholstery offers superior comfort while maintaining a sterile environment.

**Accessible:** The extra-tall 24-inch seat height allows bariatric patients to move in and out of the chair with ease, eliminating the feeling of being cramped.
