

Alto Treatment Table with Shelf & Adjustable Back, Black

[ADI996-14-BLK](#) [ADI996-14-OS](#) [ADI996-14-SS](#)

The **Alto Treatment Table with Shelf & Adjustable Back** delivers a perfect balance of patient comfort and operational efficiency, making it an indispensable fixture for clinics, physical therapy centers, and sports medicine facilities. Its solid grey base houses a spacious built-in storage compartment, accessible from either side, ensuring essential supplies are always within reach without cluttering the recovery space. The adjustable backrest offers six angle settings including 27°, 36°, 43°, 50°, 55°, and 60°, allowing caregivers to position patients for optimal comfort and recovery needs. Upholstered in antimicrobial Black leather-like material, this couch combines professional aesthetics with easy, hygienic maintenance to uphold rigorous clinical standards.

Built for dependable performance in high demand environments, the Alto Treatment Table features a reinforced laminated wooden frame that supports up to 400 lbs. Beneath the seating area lies an expansive storage compartment, large enough to house bulky recovery supplies such as blankets, gowns, and disposable linens, keeping them organized and out of sight.

Features

Adjustable Backrest: Six positioning angles including 27°, 36°, 43°, 50°, 55°, and 60° to accommodate patient comfort and recovery needs.

Professional Appearance: Antimicrobial Black upholstery offers a sleek look.

Durable: Reinforced laminated wooden frame built to handle heavy daily use and support up to 400 lbs.

Hygienic: Antimicrobial upholstery is easy to clean and helps maintain a sanitary environment.

Comfortable Support: 2-inch-high density foam cushioning provides lasting comfort for patients.

Outfitted: Rubber feet on the bottom of the wooden frame provides added stability while protecting both the treatment table and surrounding floor surfaces from scuffs and wear.

Integrated Storage: Spacious dual access compartment beneath the seating area keeps blankets, gowns, and linens neatly stored yet accessible.

Optional: Optimize patient safety and clinical efficiency with the optional step stool for easy table access and the open shelf for integrated supply storage, both sold separately.

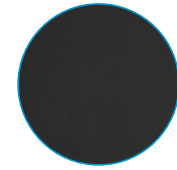

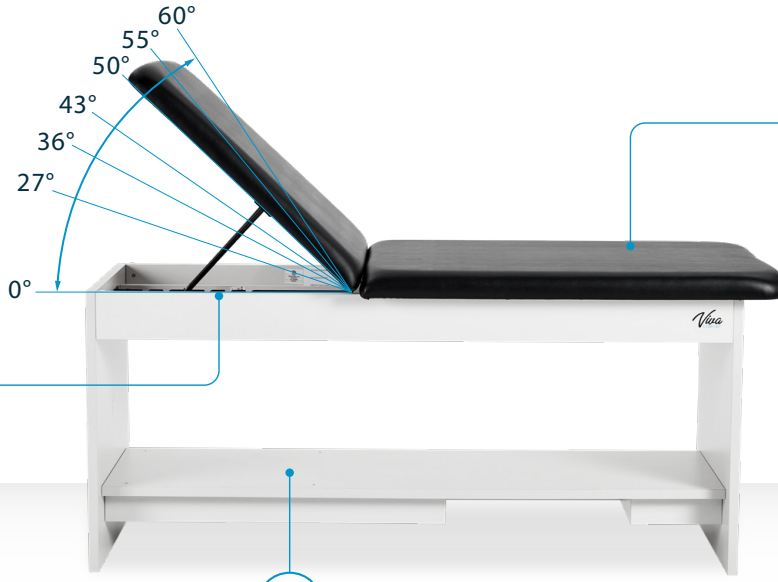

Compatible: Pair with our compatible 27" paper roll dispenser and cutter, sold separately, to streamline hygiene between patients.
